Clinical Chart Review: Assessing and Managing the Patient with Bipolar Mania, Part 1

Participate online anytime at www.neuroscienceCME.com/CMW445

Online archive will be offered until March 15, 2011.

Questions? Call **877.CME.PROS**

This continuing education activity is co-sponsored by Indiana University School of Medicine and by CME Outfitters, LLC.

STATEMENT OF NEED

Optimal management of bipolar disorder begins with accurate diagnosis. The Depression and Bipolar Alliance reported that the misdiagnosis rate is 67% for bipolar patients with the most common misdiagnoses being unipolar depression (60%), anxiety disorder (26%), schizophrenia (18%), and borderline or antisocial personality disorder (17%).¹ When diagnosis is inaccurate or delayed, initial therapy is not properly derived or promptly delivered. In this neuroscienceCME Chart Review, the faculty will take participants through a patient case focusing on assessment, treatment, and treatment adherence to improve the long-term management of patients with bipolar disorder. Faculty will engage participants in the discussion and development of best practice tips to apply in practice.

ACTIVITY GOAL

To implement strategies to improve assessment, treatment selection, and long-term outcomes in patients with bipolar mania.

LEARNING OBJECTIVES

At the end of each CE activity, participants should be able to:

- Utilize validated tools to assess for mania symptoms in patients diagnosed with depression.

The following learning objectives pertain only to those requesting CNE credit:

- Describe validated tools used to assess the symptoms of mania and hypomania.

TARGET AUDIENCE

Physicians, physician assistants, nurse practitioners, nurses, pharmacists, and other healthcare professionals interested in mental health.

ACKNOWLEDGEMENT OF FINANCIAL SUPPORT

Indiana University School of Medicine and CME Outfitters, LLC, gratefully acknowledge educational grants from Bristol-Myers Squibb Company and Otsuka America Pharmaceutical, Inc., and from Pfizer Inc. in support of this CE activity.

Terrence A. Ketter, MD
Professor of Psychiatry and Behavioral Sciences
Chief, Bipolar Disorders Clinic
Stanford University School of Medicine
Stanford, CA

MODERATOR

Roger S. McIntyre, MD
Head, Mood Disorders Psychopharmacology Unit
University Health Network
Associate Professor of Psychiatry and Pharmacology
University of Toronto
Toronto, ON

Faculty Disclosure Statement: In accordance with the Accreditation Council for Continuing Medical Education (ACCME) Standards for Commercial Support, educational programs sponsored by Indiana University School of Medicine (IUSM) must demonstrate balance, independence, objectivity, and scientific rigor. All faculty, authors, editors, and planning committee members participating in an IUSM-sponsored activity are required to disclose any relevant financial interest or other relationship with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services that are disclosed in an educational activity.

Note: While it offers CME credits, this activity is not intended to provide extensive training or certification in the field.

CREDIT INFORMATION

Note: No live CE credit is being offered for this activity.

CME Credit (Physicians): Indiana University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Indiana University School of Medicine designates this educational activity for a maximum of 0.5 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Note to Physician Assistants: AAPA accepts Category I credit from AOACCME, Prescribed credit from AAFP, and AMA Category I CME credit for the PRA from organizations accredited by ACCME.

CNE Credit (Nurses): This continuing nursing education activity was approved by the New York State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

It has been assigned approval code 82RKG8-10.0.5 contact hours will be awarded upon successful completion.

CPE Credit (Pharmacists): CME Outfitters, LLC, is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. 0.5 contact hours (0.05 CEUs)

Universal Activity Number: 376-999-10-007-H01-P
Activity type: Knowledge-based

All other clinicians will either receive a CME Attendance Certificate or may choose any of the types of CE credit being offered.

Post-tests, credit request forms, and activity evaluations can be completed online at www.neuroscienceCME.com (click on the Testing/Certification link under the Activities tab—requires free account activation), and participants can print their certificate or statement of credit immediately (80% pass rate required). This website supports all browsers except Internet Explorer for Mac. For complete technical requirements and privacy policy, visit www.neuroscienceCME.com/technical.asp. CE credit expires on March 15, 2011.
