Improving the Care of People with Mental Illness in Rural Areas

Participate online anytime at
www.neuroscienceCME.com/CMW435

Offered until February 5, 2011

Co-sponsored by CME Outfitters, LLC, and Howard University College of Medicine, Office of Continuing Medical Education

FACULTY INFORMATION

John C. Fortney, PhD
Professor, Department of Psychiatry and Behavioral Sciences
Assistant Professor, Department of Health Policy & Management, College of Public Health
Director, Division of Health Services Research, Department of Psychiatry
University of Arkansas for Medical Sciences
Research Health Scientist
Central Arkansas Veterans Healthcare System
Associate Director for Research
South Central Mental Illness Research, Education and Clinical Center
Little Rock, AR

MODERATOR
Grayson S. Norquist, MD, MSPH
Professor and Chairman
Department of Psychiatry and Human Behavior
University of Mississippi Medical Center
Jackson, MS

CREDIT INFORMATION
CME Credit (Physicians): Howard University College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Howard University College of Medicine, Office of Continuing Medical Education, designates this educational activity for a maximum of one (1) *AMA PRA Category 1 Credit™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Note to Physician Assistants: *AAPA accepts Category I credit from AOACME, Prescribed credit from AAFP, and AMA Category I Credit for the PRA from organizations accredited by ACCME.*

CNE Credit (Nurses): This continuing nursing education activity was approved by the New York State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

It has been assigned approval code 7ZDPTZ-10.1.0 contact hours will be awarded upon successful completion.

CEP Credit (Psychologists): CME Outfitters is approved by the American Psychological Association to sponsor continuing education for psychologists. CME Outfitters maintains responsibility for this program and its content. (1.0 CE credits)

NASW Credit (Social Workers): This program was approved by the National Association of Social Workers (provider #886407722) for 1 continuing education contact hour.

CCMC Credit (Certified Case Managers): This program has been approved for 1 hour by the Commission for Case Manager Certification (CCMC).

CPE Credit (Pharmacists): CME Outfitters, LLC, is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. 1.0 contact hours (0.1 CEUs)

Universal Activity Number: 376-999-10-001-H01-P
Activity Type: knowledge-based

Post-tests, credit request forms, and activity evaluations can be completed online at www.neuroscienceCME.com (click on the Testing/Certification link under the Activities tab—requires free account activation), and participants can print their certificate or statement of credit immediately (70% pass rate required). This website supports all browsers except Internet Explorer for Mac. For complete technical requirements and privacy policy, visit www.neurosciencecme.com/technical.asp. CE credit expires on February 5, 2011.

Release date: February 5, 2010
Credit expiration date: February 5, 2011

Questions? Call CME Outfitters at **877.CME.PROS**.

Note: No live CE credit is being offered for this activity.

This activity offers CE credit for:

- Physicians (CME)
- Psychologists (CEP)
- Case Managers (CCMC)
- Nurses (CNE)
- Social Workers (NASW)
- Pharmacists (CPE)

All other clinicians will either receive a CME Attendance Certificate or may choose any of the types of CE credit being offered.

STATEMENT OF NEED

According to the U.S. Census Bureau, more than 60 million people live in rural areas¹ and it has been well documented that these Americans face specific challenges to accessing, utilizing, and paying for quality healthcare. Despite 20% of Americans living in rural areas, only 10% of the nation's physicians practice in rural areas,¹ with access to and availability of mental health specialists, such as psychiatrists, psychologists, psychiatric nurses, and social workers significantly lacking.¹ Integrating mental and medical health in these rural areas has been a focus of many states to provide access and health education to providers and patients. It is critical that best practices implemented throughout the nation are shared among clinicians so that all providers can collaborate and improve their knowledge and performance, gain insights to the latest evidence, and provide optimal care services to patients and their families. Evolving technology has provided new opportunities to provide access to services and address barriers presented to patients and physicians practicing in remote rural communities. As technology improves, costs decrease and access increases—these forces help to create opportunities for increased collaborative care management. This neuroscienceCME Webcast will present key insights to better integrate primary care and mental health services, and address the unique challenges and performance gaps identified in rural populations.

¹ "National Healthcare Disparities Report," US Dept of Health and Human Services, December 2003, Republication Copy.

ACTIVITY GOAL

To address barriers to care faced by rural populations and to provide awareness to practicing clinicians of opportunities for collaboration and improvement of access and patient outcomes, which are fostered by emerging technology.

LEARNING OBJECTIVES

At the end of this CE activity, participants should be able to:

- Recognize specific challenges and barriers in treating mental illness in rural and underserved populations.
- Identify opportunities for collaboration among healthcare providers to improve access to mental health services.
- Discuss the technology available to improve access to improved diagnosis and management of mental illness in rural areas.

TARGET AUDIENCE

Psychiatrists, primary care physicians, and other interested physicians; physician assistants; nurse practitioners; nurses; psychologists; social workers; certified case managers; pharmacists; and other healthcare professionals interested in the improvement of healthcare for rural populations.

FINANCIAL SUPPORT

This activity is supported by an educational grant from Lilly USA, LLC. For further information concerning Lilly grant funding visit, www.lillygrantoffice.com.
