# FOR IMMEDIATE RELEASE

## Esteemed Chairmen in the Neurosciences Gather Once Again to Share Breaking Research and Developments with Neuroscience Professionals at the 9<sup>th</sup> Annual Chair Summit

CME Outfitters is Accepting Registrations for the 9<sup>th</sup> Annual Chair Summit: Master Class for Neuroscience Professional Development to be Held in Miami, Florida September 15-17

**Bethesda, Maryland (April 11, 2016)** - CME Outfitters (CMEO), a leading accredited provider in continuing medical education, is proud to announce its 9<sup>th</sup> Annual Chair Summit, being held this September 15-17 in Miami, Florida. Chair Summit is a multi-day conference that educates psychiatrists, neurologists, primary care physicians, and mental health clinicians, on advances in evidence-based treatments for a variety of neurological and behavioral conditions. This year's conference is set to take place at the Biltmore Coral Gable, a beautiful and luxurious hotel and conference center a short 5 miles from the Miami airport. Chair Summit offers continuing education credit for physicians, nurses, pharmacists, social workers, case managers, and other clinicians with interest in the neurosciences.

Chair Summit differs from many meetings of its kind in that it encourages two-way learning by offering more than just lectures by Chairmen and engaging participants in small group discussions, networking, and giving attendees many opportunities to become involved via interactive device technology.

The conference includes sessions on topics of recent media notoriety and critical educational need among healthcare professionals in psychiatry, neurology, and primary care. Visit [www.chairsummit.com](http://www.chairsummit.com) for more information.

**About CME Outfitters, LLC**

CME Outfitters develops and distributes live, recorded and web-based, outcomes- and evidence-based educational activities to thousands of clinicians each year and offers expert accreditation and outcome services for non-accredited organizations. CME Outfitters focuses on delivering education to specialty audiences, with strong expertise in neuroscience, inflammatory, infectious, and autoimmune diseases, and cardiovascular disease. For a complete list of certified activities and more information, visit [www.cmeoutfitters.com](http://www.cmeoutfitters.com) or call 877.CME.PROS (877.263.7767).

**About neuroscienceCME**

neuroscienceCME.com is an award-winning web portal serving clinicians, educators, and researchers in the neurosciences. Launched in October 2006, neuroscienceCME.com fills an identified gap in online resources for professionals around the world who practice in areas related to psychiatry, sleep disorders, pain, and neurology. The site's primary mission is to be a central forum for accessing, debating, synthesizing, and implementing the latest findings and best practices in the neurosciences. Visit [www.neuroscienceCME.com](http://www.neuroscienceCME.com) to learn more.
