

Get additional help and support for your patients.

PACK HEALTH

1

WHO WE ARE

Pack Health is a health management company that offers structured support for people with Psoriasis. We help members achieve their health goals, saving time and money and improving the quality of their lives.

2

WHAT WE DO

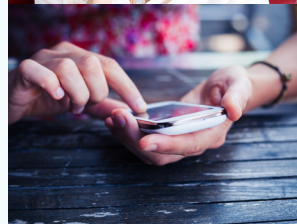

Pack Health members receive support from their own personal Health Advisor who will call, text, and email throughout the program. This program has been proven to provide an unmatched extension of your care.

3

HOW WE HELP

Some of our results within the first three months are:
1 point reduction in HbA1c | 21% increase in medication adherence
5 lb weight loss | 83% increase in exercise | 36% reduction in ED visits
