International Ballroom F

Step Into Prevention

Mastering the Power of PrEP in HIV Care

Activity Description

Pre-exposure prophylaxis (PrEP) is an established and highly effective method of preventing sexually transmitted human immunodeficiency virus (HIV) infections and has been instrumental in declining incidence rates. Adherence and access to HIV prevention still pose challenges due to stigma and false beliefs, and the small fraction of individuals with HIV who are unaware of their status are responsible for a significant number of new cases. Clinicians and multidisciplinary care teams must familiarize themselves with new data on emerging PrEP options to increase optimal and equitable HIV prevention as well as to engage with patients about sexual health in meaningful and compassionate ways.

In this CME Outfitters live symposium, expert faculty will guide learners on the implementation of routine HIV testing and on adopting a status-neutral approach to effectively promote prevention strategies and PrEP initiation. Faculty will evaluate current and emerging PrEP options, introduce emerging LAI PrEP options, and discuss optimal patient selection criteria, transitioning strategies, and monitoring considerations. Faculty will model integration of effective patient engagement strategies to collaboratively initiate PrEP treatment and support adherence.

Target Audience

ID specialists, PCPs, physician associates (PAs), nurse practitioners (NPs), nurses, and pharmacists

Financial Support

This program has been supported by an independent educational grant from Gilead Sciences, Inc.

Faculty

David Alain Wohl
MD (Moderator)

Christina M. Madison
PharmD, FCCP, AAHIVP

Asia Sullivan
PA-C, MPH

Learning Objectives

At the conclusion of this activity, learners will be able to better:

- Implement routine HIV testing, adopting a status-neutral approach, to effectively promote prevention strategies, including the initiation of PrEP
- Evaluate current and emerging PrEP options including efficacy, safety, MOA, and mode of administration
- Differentiate between current and emerging LAI PrEP options including optimal patient selection criteria, transitioning strategies, and monitoring considerations
- Integrate effective patient engagement strategies to collaboratively initiate PrEP treatment and support adherence

Mastering the Power of PrEP in HIV Care

Accreditation

JOINTLY ACCREDITED PROVIDER
INTERPROFESSIONAL CONTINUING EDUCATION

Jointly Accredited Provider

In support of improving patient care, CME Outfitters, LLC, is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians (ACCME)

CME Outfitters, LLC, designates this live activity for a maximum of 2.0 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses (ANCC)

This activity is designated for 2.0 contact hours.

Pharmacotherapy: ANCC definition of pharmacotherapeutic content is that it may include but is not limited to drug specific information, safe prescribing practices, safe medication administration, prescribing methodologies, new regulations, or similar content.

Note to Nurse Practitioners: The content of this CNE activity pertains to Pharmacology.

California Residents: Provider approved by the California Board of Registered Nursing, Provider # CEP 15510, for 2.0 Contact Hours.

PAs (AAPA)

CME Outfitters, LLC, has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 2.0 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Pharmacists (ACPE)

This application-based activity is approved for 2.0 contact hours (0.2 CEUs) of continuing pharmacy credit (JA0007185-0000-25-059-L01-P).

RCP Canada

Through an agreement between the Accreditation Council for Continuing Medical Education and the Royal College of Physicians and Surgeons of Canada, medical practitioners participating in the Royal College MOC Program may record completion of accredited activities registered under the ACCME's "CME in Support of MOC" program in Section 3 of the Royal College's MOC Program.

MIPS

Completion of this accredited CME activity meets the expectations of an Accredited Safety or Quality Improvement Program (IA_PSPA_28) for the Merit-based Incentive Payment Program (MIPS). Clinicians should submit their improvement activities by attestation via the CMS Quality Payment Program website.

Certificate of Participation

This activity was certified for a maximum of 2.0 *AMA PRA Category 1 Credit(s)*[™].

ABIM MOC

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 2.0 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Faculty

David Alain Wohl **MD (Moderator)**

Professor
Division of Infectious Diseases
The University of North Carolina
Chapel Hill, NC

David Alain Wohl, MD, is a Professor of Medicine in the Division of Infectious Diseases at the University of North Carolina (UNC) and the Institute of Global Health and Infectious Diseases. He is co-Principal Investigator of the Global UNC Infectious Diseases Clinical Research Unit and Site Leader of its Chapel Hill research site.

Dr. Wohl is a clinical scientist with a focus on emergent infectious diseases. He has spent over 25 years leading research into the prevention and treatment of HIV and served two terms as a member of the US Department of Health and Human Services (DHHS) Antiretroviral Guidelines Panel.

Since 2014, he has been working continuously in Liberia, West Africa, conducting research with Ebola survivors to learn about chronic complications and sexual transmission of this infection and establishing the UNC Project-Liberia research platform at two locations in the country. He and his team have extended this work to examine Lassa fever, a viral hemorrhagic fever endemic in West Africa.

In 2020, he contributed to the UNC clinical and research response to COVID-19. He was medical director of the UNC Chapel Hill drive-through testing site as well as two COVID-19 vaccination clinics and the Chapel Hill COVID-19 monoclonal antibody infusion center. He serves as a co-chair of ACTIV-2, an international platform trial of promising SARS-CoV-2 therapeutics.

In 2023, UNC was selected by the US DHHS to be a designated Regional Special Pathogens Treatment Center, one of only 13 in the country. Dr. Wohl has an active clinical practice at UNC Infectious Diseases Clinic.

Faculty

Christina M. Madison **PharmD, FCCP, AAHIVP**

Founder and CEO
The Public Health Pharmacist, PLLC

Christina M. Madison, PharmD, FCCP, AAHIVP, is a nationally recognized and globally connected clinical pharmacist. Dr. Madison is the Founder and CEO of The Public Health Pharmacist, a public health consulting firm. The Public Health Pharmacist, PLLC was established in November 2019 with a vision for healthcare communications and media strategy. Dr. Madison has two decades of expertise as a residency-trained clinical pharmacist specializing in infectious disease and gender-based health and is a dynamic force in the healthcare industry.

Dr. Madison is committed to amplifying the voices of healthcare professionals in providing care to historically marginalized communities highlighting the need for healthcare through a health equity lens. The Public Health Pharmacist is a women and minority-owned business, dedicated to delivering culturally competent health content.

Dr. Madison has been featured in over 200+ TV appearances, including a standout segment on Good Morning America (GMA3), with her most recent appearance as part of their Menopause Manual series during Women's Health Week. She has also been an invited panelist at The White House for the COVID-19 Health Equity - What Works Summit in 2022. Recognized for her outstanding contributions, she has received prestigious awards such as the Bowl of Hygeia Award, 2023 Outstanding Clinician of the Year by Immunize Nevada, and National Association of Women Business Owners (NAWBO) Women of Distinction Finalist.

Dr. Madison is dedicated to sharing her experiences through the intersection of clinical excellence, advocacy, and media strategy.

Faculty

Asia Sullivan **PA-C, MPH**

Senior Physician Assistant
Suite 401 Medical Office
Patient Advocate and Social Media Influencer
Los Angeles, CA

Asia Sullivan, PA-C, MPH, is a nationally recognized physician assistant specializing in human immunodeficiency virus (HIV) treatment and prevention, a passionate healthcare advocate, and a trusted voice in LGBTQ+ health. With master's degrees in public health and physician assistant studies from the University of Alabama–Birmingham, Ms. Sullivan has dedicated her career to breaking down barriers to care, fighting stigma, and making complex medical topics accessible—both in clinical practice and as a healthcare influencer with over 120,000 followers. She has spoken at major institutions, including Nike World Headquarters and the Centers for Disease Control and Prevention (CDC), and serves on advisory boards for leading pharmaceutical companies shaping the future of HIV care. Whether treating patients at Suite 401 Medical Office in Los Angeles or educating the next generation of providers, Ms. Sullivan is committed to health equity, patient-centered care, and empowering communities through education.

Disclosure Declarations

It is the policy of CME Outfitters, LLC, to ensure independence, balance, objectivity, and scientific rigor and integrity in all of their CE activities. Faculty must disclose to the participants any relationships with commercial companies whose products or devices may be mentioned in faculty presentations, or with the commercial supporter of this CE activity. CME Outfitters, LLC, has evaluated, identified, and mitigated any potential conflicts of interest through a rigorous content validation procedure, use of evidence-based data/research, and a multidisciplinary peer review process. The following information is for participant information only. It is not assumed that these relationships will have a negative impact on the presentations.

Faculty

Dr. Wohl reports the following financial relationships:

Advisory Board: Gilead Sciences, Inc.; Merck & Co., Inc.; and ViiV Healthcare

Grants and Research Support to UNC: Gilead Sciences, Inc.; Merck & Co., Inc.; and ViiV Healthcare

Dr. Madison reports the following financial relationships:

Advisory Board and Consultant: GSK; Sanofi; and ViiV Healthcare

Stock Shareholder (ownership interest): Pills2Me and Wellness Equity Alliance

Ms. Sullivan reports the following financial relationships:

Advisory Board: Gilead Sciences Inc. and GSK

Other financial or material support: Social media content for: Carbon Health; Cystex; FOLX; GSK; GoodRx; Johnson & Johnson; LabCorp; Pair Eyewear; and Wisp

Peer Reviewers

Rebecca Vargas-Jackson, MD—no disclosures to report.

Albert Eubanks, Jr., RN—no disclosures to report.

CME Staff/Planners

Keshia Pitt, PhD—no disclosures to report.

Leah Zadrozny, DVM, PhD—no disclosures to report.

Estelle Perera—no disclosures to report.

Scott J. Hershman, MD, FACEHP, CHCP—no disclosures to report.

Sandra Caballero, PharmD—no disclosures to report.

Sharon Tordoff—no disclosures to report.

All identified conflicts of interest have been mitigated.

Faculty of this CE activity may include discussions of products or devices that are not currently labeled for use by the FDA. The faculty have been informed of their responsibility to disclose to the audience if they will be discussing off-label or investigational uses (any uses not approved by the FDA) of products or devices.

Post-tests, credit request forms, and activity evaluations must be completed online (requires free account activation), and participants can print their certificate or statement of credit immediately (75% pass rate required). This website supports all browsers except Internet Explorer for Mac.

Instructions for Interactive Technology

Use one of the iPads provided at your table to answer polling questions, view onsite presentations, and submit questions to the faculty. Please see additional information below.

ASK FACULTY A QUESTION

Select the Ask Question tab below the slide viewer to submit a question. If your question is for a specific faculty member, please include their name. Your question will be shared with the faculty for the question-and-answer portion of the session.

VIEW AND TAKE NOTES ON PRESENTATION SLIDES

Select the Take Notes tab to take notes during the meeting. All of the notes you take during the meeting will be emailed to the address provided within 5 business days.

Obtaining Credit

To receive CME/CE credit for this activity, scan the QR code to login to or create a learner account.
